VIJITHA V

Front-End Developer | WordPress Developer | Full-Stack Developer

Malappuram, Kerala, India | 8606497107 | vijithamsc07@gmail.com |
Portfolio: https://vijithapramod.in/

Professional Summary

Front-end developer with 3+ years of experience building responsive, user-friendly websites and web applications. I work with WordPress, Elementor, and WooCommerce to turn Figma and client designs into clean, fast, mobile-friendly sites. My earlier work as a Full Stack Developer using Angular, Node.js, and MySQL gave me a strong understanding of how interfaces connect with REST APIs and databases. I am detail-oriented, quick to learn, and enjoy solving problems and working directly with clients to deliver websites that look good and work reliably.

Core Skills

- **Front-End:** HTML5, CSS3, Bootstrap, JavaScript, TypeScript, Angular, React, Responsive Web Design
- **WordPress:** Theme Customization, Elementor, Gutenberg, WooCommerce, Plugin Configuration, Figma to WordPress
- **Back-End and Data:** Node.js, MySQL, REST API Integration, PHP (Basics)
- **Tools and Other:** Git / Version Control, UI/UX, SEO Basics, Canva, Website Maintenance and Troubleshooting

Professional Experience

Full Stack Developer | Q&Q Software Solutions (now DMeX Solutions)

July 2022 – July 2024 | Tamil Nadu, India

- Developed scalable front-end features using Angular, HTML5, CSS, and Bootstrap.
- Built reusable, responsive user-interface components.
- Built and maintained backend services using Node.js and MySQL.
- Designed and implemented REST APIs and microservices, and integrated them with front-end applications.
- Optimized database queries to improve application performance.
- Collaborated with cross-functional teams on product development and delivery.
- Troubleshot application issues and implemented improvements.

Projects

DMeX Pro: Cloud ERP for Machine Shops

Technologies: ReactJS, Node.js, Java, MySQL

A cloud-based ERP product for global machine shops, supporting paperless workflows with modules for purchasing, invoicing, sales, and live production tracking.

- Developed features across both front-end and back-end.
- Built APIs and microservices for secure data flow.
- Created reusable application components.
- Designed and optimized database schemas and SQL queries.

Prison Management System: Chennai City Police

Technologies: Angular, Node.js, MySQL

A system for managing officers, prisoners, and prison locations, with real-time alerts for mapped officers.

- Developed scalable application modules and reusable UI components.
- Built backend functionality and API integrations.
- Wrote optimized queries for faster data retrieval.

Freelance WordPress Developer

March 2025 – January 2026 | Kerala, India

- Designed and developed single-page and multi-page responsive WordPress websites for clients.
- Customized themes and page layouts using Elementor and other page builders.
- Built WooCommerce websites and customized product pages.
- Configured plugins, contact forms, and essential website features.
- Provided ongoing maintenance, troubleshooting, and basic SEO optimization.
- Worked directly with clients to understand their needs and deliver suitable solutions.

WordPress Client Websites

Technologies: WordPress, Elementor, WooCommerce, HTML, CSS, JavaScript, PHP (Basics), MySQL

Responsive business and e-commerce websites built for clients.

WordPress Developer | Cloud7

February– September 2026 | Kerala, India

- Develop and customize responsive WordPress websites based on client requirements.
- Customize themes and layouts using Elementor and other page builders, including pages, headers, footers, menus, and forms.
- Build and customize WooCommerce stores and product-related features.
- Ensure consistent layouts across desktop, tablet, and mobile devices.
- Integrate contact forms, WhatsApp, social media elements, and third-party services.

- Apply basic on-page SEO and improve site structure for better search visibility.
- Handle maintenance, updates, troubleshooting, migrations, backups, and hosting or domain setup.
- Work with clients and team members to understand requirements and deliver on time.
